## Fellows from the Security and Defense Research Team

**Fellows** are part of the research-associates of the Security and Defence Research Team - Intelligence, Criminality, Crisis, Cyberthreats (SDRT-I3C) . The title of Fellow is based on the **excellence of their academic contributions** and **their fields of specialization**, generally **complementary** to those of Senior Fellows but also sometimes quite **specific**. The collaboration of the Fellows is **essential to the smooth running of the SDRT's research work**.
